

Katalog je mnogo bolje pregledati na kompjuteru ili laptopu, nego na telefonu.

Katalog ima tzv. Explorer izgled. Sa leve strane je meni. Klikom na naslove u meniju ili na malu strelicu ispred naslova, otvarate spisak pesama u svakom folderu (albumu) na desnoj strani ekrana.

Meni se može proširiti u desno zadržavanjem miša na skrol traci, pa prevlačenjem skrol trake u desno.

(videti prikaz na sledećoj stranici)

Ukoliko ipak želite da pregledate katalog na telefonu, može vam se dostaviti drugačiji katalog - u obliku liste, gde su svi podaci u jednoj koloni.
